Subject: Re: Fw: from AP - Request to get footage of Dimock Testing

Disregard my previous email. (I'm on webmail and little behind) I'm okay with this what Helen suggests if works for everybody in the field.

Mick...just closing the loop on this for today. Trish is planning to call AP back to start arranging for an appropriate venue to shoot---ideally same day as CNN. The reporter has requested a statement from EPA so when Trish connects with him, she plans to refer him back to you/Terri to follow up on that part of the request.

Trish is working with CNN next week to set up shots so they can get some B roll. Seems to me the best thing is to try to get this done at the same time. We have approval for B roll so if that is all he wants it's fine. Trish, we can put him in touch with you directly or we can check it out further before we get him with you--let us know what you think. Thanks

Subject:Fw: from AP - Request to get footage of Dimock Testing

I'm not sure how you all are handling these requests. I'm asking Roy to be the Press POC to this reporter -- meaning once it's decided when the reporter can film in Dimock, Roy can work with Trish to set up that arrangement. Of course, we wouldn't make any commitments before letting Shawn and HQs know. -- Terri

Subject: from AP

Terri, Trish,

I'd like to head up to Dimock and get some footage of the EPA testing a resident's water well. I know you are not done the testing yet but probably are more than halfway through, so time is obviously getting short.

Please let me know availability.

Thanks,

Mike
